INSTITUTIONS

## What is Accreditation?

Accreditation is confirmation by the Namibia Qualifications Authority (NQA) that an education and/or training institution in Namibia has the capacity to provide a course or courses of instruction or training and to assess the performance of learners enrolled in such a course or courses. Accreditation applies to any person, institution, or organization offering training or educational services.

## Who should apply for accreditation?

All training providers offering courses that lead to a qualification should apply for accreditation by the NQA. A training provider may be an individual or institution represented by/through a body corporate entity appropriately registered in Namibia. Accreditation is not limited to conventional education and training providers. Training centers, departments, or institutes within companies, government departments, and State Owned Enterprises are eligible to seek accreditation for their courses. Application forms are available from the NQA House in Windhoek and on the website: [www.namqa.org](http://www.namqa.org).

## Why should I study at an accredited institution?

The NQA only evaluates quality-assured qualifications obtained at accredited institutions, whether in Namibia or abroad. Evaluation is the process of confirming whether qualifications are legal and authentic, as well as the accreditation status of the institution they were obtained from.

## What are the consequences of studying at an unaccredited institution or unaccredited qualifications?

Qualifications obtained at unaccredited institutions in Namibia or elsewhere in the world are not recognized as legal and therefore hold no value. As most employers' request for NQA evaluated qualifications, holders of qualifications obtained at unaccredited institutions are likely to struggle to secure employment and to gain acceptance at other institutions to further their studies.

Many unaccredited institutions are operating in Namibia and elsewhere in the world. It is therefore important for all prospective learners to verify the accreditation status of institutions and their qualifications before enrolling for studies so that they do not fall prey to these bogus institutions.

## How do I verify the accreditation status of an institution and its qualifications?

The NQA assists prospective learners in verifying the accreditation status of institutions and their qualifications in Namibia and elsewhere in the world. To make use of this free service, simply visit the NQA website: [www.namqa.org](http://www.namqa.org) complete the 'Request for accreditation status of an institution form' and email it to: [advice@namqa.org](mailto:advice@namqa.org) if the institution you are applying for is elsewhere in the world.

If the institution is in Namibia simply visit the NQA website indicated above, you will find the list of all accredited institutions in Namibia.

You can also obtain the form from the NQA House in Windhoek. The NQA endeavors to respond to all queries within seven working days, depending on the availability of information.

**As of 23 November 2023, the following institutions are accredited by the Namibia Qualifications Authority. Persons wishing to verify the current status of any of the listed institutions should contact the NQA.**

**NQA Contact details: Tel: + 264 61 384100, Fax: + 264 61 384114, [advice@namqa.org](mailto:advice@namqa.org) Private Bag 13247, Windhoek, Namibia**

**Important Notice: In addition to the list, the two public national universities, viz. the University of Namibia (UNAM) and Namibia University of Science and Technology (NUST) are established by Acts of Law. Their qualifications are recognized by the NQA and are submitted to the NQA for quality assurance and registration on the National Qualifications Framework (NQF) and are deemed authentic.**
