Admission Requirements and Procedures

This is a special programme, necessitated by the trend that current science and technology related programmes at institutions of higher learning indicate low admission. This is in relation to gender and the least advantaged groups. The PETE programme was thus introduced to address the mismatch and bridge the gap between exit skills at secondary level and the required entry skills at the higher education level.

OBJECTIVES OF THIS PROGRAMME

This programme aims to give learners the opportunity to rewrite specific NSSCO and NSSCAS subjects and improve their competencies to levels which will enable them to gain admission into tertiary institutions and be able to cope with curricula demands at tertiary level.

ADMISSION REQUIREMENTS GRADE 12

1. at least a C and above in Grade 11 or
2. a C and above in Grade 12 Legacy or
3. 4 points and above in Grade 12 Higher Level or
4. repeating NSSCAS
5. should be prepared to write an aptitude test
6. maximum of three subjects only

ADMISSION REQUIREMENTS GRADE 11

- have at least an E symbol in the target subjects for Ordinary Level in Grade 11.
- be prepared to write an aptitude test.
- maximum of four subjects only

APPLICATION PROCEDURES

Prospective candidates can collect an application form at NAMCOL's regional and sub-regional offices.

FEES

- A non-refundable application fee of N\$ 170.00
- A non-refundable registration fee of N\$ 130.00
- A subject fee of N\$ 450.00 for both Grade 11 & 12

DOCUMENTS REQUIRED

Please submit certified copies of the following documents with your PETE application:

- Certified copy of identity (ID card, passport, driver's licence, full birth certificate);
- Certified copy of your grade 12 OR 11 certificate, OR Statement of Results;
- One passport photo;
- Copy of Deposit slip.
- Foreigners must have a study permit and an NQA evaluation report.

For entry into the secondary education programme, proof must be provided that the learner has passed subjects at a lower or standard grade.

Examination Registration

Registering for the examinations is a separate exercise from registering for tuition with NAMCOL, therefore, candidates have to register separately for tuition and for the examination. Registration period for the October/November exams will be announced by the Ministry of Education Innovation, Youth, Sports, Arts and Culture (MEIYSAC). Candidates wanting to opt to carry forward marks for the Oral or School Based Assessment (SBA) component must note that only marks of the examinations written the previous year (Oct/Nov) can be carried forward.

Candidates must ensure that they register at the examination centres registered with the MEIYSAC. In each region certain schools have been identified as examination centres for part-time candidates and registration takes place during dedicated time slots.

Please note that you cannot claim back your exam registration money if you did not turn up for the examinations, nor can it be transferred to the next examinations.

Any errors detected on your admission permit must be reported to the Head of Examination Centre.

Examination Registration

The National examinations for Grades 11 and 12 learners are administered by the MEIYSAC: National Examinations and Assessment (DNEA).

All NAMCOL learners should register for examinations separately. Examination dates will be announced later in the media.

Please note that failure to do so, will result in the learner being **UNABLE** to sit for examinations during OCT/NOV 2026 final examinations.

How to access myNAMCOL student portal

NAMCOL has introduced a student portal that would enable all registered students to access their student information such as personal details, assignment and examination marks, proof of registration and lecture notes. All you need to do to register is to enter your **STUDENT NUMBER** and **PIN** code that was smsed to you by NAMCOL. Use the following steps to get started:

Step 1.

To access NAMCOL student portal go to www.namcol.edu.na
Once the home page of NAMCOL open, click on "myNAMCOL" to access the portal.

Step 2.

Select the "student" button. Enter your student number and PIN and click on login.

The image shows the login screen. A callout box points to the "Student" radio button. The form includes fields for "Student Number" and "Pin", and buttons for "Login", "Forgot PIN?", "Change PIN", and "Request A PIN".

Step 3.

Change your pin to your preferred new pain.

The image shows the "Change Pin" screen. A callout box points to the "New Pin" field. The screen includes a note: "Note: Enter and Verify your new pin and click 'Change Pin' in order to change your current pin or click 'Back' in order to return to the log in screen." There are fields for "New Pin" and "Verify New Pin", and buttons for "Change Pin" and "Cancel".

Step 4.

To view personal information, (e.g. create or update postal address and contact numbers) Click on of **Student Administration**.

Step 5.

To view marks, and academic records, click on of **Student Enquiry**.

Step 6.

To **log out** of the student portal, click on **Logout** icon.

You will be prompted to change the PIN to a new number. Here are the rules when creating your new PIN:

- 5 numeric digits (no letters, just numbers)
- Do not start with zero 0
- Do not have repeating numbers next to each other (e.g. 99 or 44)
